Introduction

As one of Wales' leading independent day schools, Rougemont School is proud to offer scholarship opportunities to exceptional pupils in all areas of school life. The fundamental aim at Rougemont School has always been to ensure that every pupil achieves the most they can from their education; that they leave school as well-rounded individuals who have reached their full potential.

Our small class sizes ranging from 14 to 22, allow us to focus time and attention on individual needs, whilst our inclusive and friendly approach across the three schools creates a strong sense of community. Our 'School for Life' approach ensures support at every stage of a pupil's educational journey, from Nursery right through to Sixth Form. Our most recent ESTYN inspection highlighted our pupils' 'high levels of wellbeing and exceptional attitudes to learning'.

Academic excellence is naturally a strong focus for us but Rougemont is about much more than just results. From Nursery to Sixth Form, our community is thriving as ESTYN highlighted our 'outstanding range of co-curricular activities which contribute particularly well to pupils' cultural awareness and development'. We ensure that every pupil reaches their full potential inside and outside the classroom making happy learners and happy children.

Our new Scholarship programme enables pupils to realise their educational ambitions. This information booklet details the various types of awards, outlines the criteria for application and about the assessment process itself.

Scholarships Overview

The Scholarship Programme at Rougemont will award those pupils entering the School from September 2023.

Scholars are a core part of school life at Rougemont. Scholars are expected to take the lead in the academic and extra-curricular life of the school with active involvement in clubs, committees, house events and teams providing leadership, inspiration and excellent role models for younger pupils.

In assessing candidates we are not simply recognising existing talent but will also take into account pupils' future potential, motivation and aspiration. Scholars are expected to consistently achieve high standards.

It is important that potential candidates, both internal and external read the criteria carefully to ensure that they will meet the standard.

The tenure of the Scholarships varies:

- I I+ Scholarship (Year 7) – *five years*
- Sixth Form Scholarship (Year 12) – *two years*

It should also be noted that Scholarships are subject to review and to the Headmaster's/Head of Preparatory School's satisfaction with the holder's performance and behaviour.

Scholarship entry is competitive and is open to both internal and external pupils.

Bursaries/Fee Assistance

As a registered educational charity, Rougemont School is committed to offering means-tested bursaries to pupils which supplement the fees according to financial circumstances.

The percentage of award will depend upon the outcome of an independent assessment of finances conducted in accordance with the Charities Commission guidelines.

Scholarship recipients are able to apply for a bursary.

Rougemont is proud of the support it provides deserving and talented candidates who may not otherwise be able to afford an independent education. Supporting pupils to realise their ambitions and full potential is fundamental to Rougemont's ethos and aims.

All enquiries for fee assistance should be directed to the Finance Manager, in the first instance on 01633 820809 or financemanager@rougemontschool.co.uk
